

Complaints Policy

This complaints policy sets out the complaints handling process for Dundas Partners LLP (Dundas). As a MiFID investment firm, Dundas is required to demonstrate compliance with the relevant regulations and, specifically, article 26 of the MiFID Org Regulation and the FCA rules in the DISP sourcebook. We are authorised and regulated by the Financial Conduct Authority (FCA).

The purpose of this policy is to implement an effective and transparent complaints management process for clients and potential clients. Dundas's aim is to provide its clients with excellent service and therefore takes all complaints seriously. We will aim to resolve complaints fairly and as quickly as we can. Russell Hogan, Managing Partner, is responsible for complaints handling at the firm. Please address your complaint to him or to the Compliance Officer, Vanessa Murchison.

Definition of a Complaint

A complaint is any oral or written expression of dissatisfaction, whether justified or not, from, or on behalf of, a person about the provision of, or failure to provide, a financial service, which alleges that the complainant has suffered (or may suffer) financial loss, material distress or material inconvenience ("Regulated Complaint").

The FCA's DISP rules should be considered in either of two ways – MiFID complaints and non-MiFID complaints. The handling of MiFID complaints is set out exclusively in DISP 1.1A. Non-MiFID complaints refer to eligible complainants, and the handling of these complaints is set out in the remainder of the DISP rules. A complaint may only be dealt with under the Financial Ombudsman Service if it is brought by or on behalf of an eligible complainant.

The FCA's definition of an eligible complainant, set out in DISP 2.7, is an individual or business that falls into one of the following groups:

- A consumer – A person acting outside of their trade or profession. This would seem to exclude a self-employed person buying financial services for their small business, but they're likely to fall into the next category.
- A micro enterprise – (a) in relation to complaint related wholly or partly to payment services, either at the time of the conclusion of the payment services contract or at a time the complainant refers to the respondent; or (b) otherwise, at the time the complainant refers to the complaint to the respondent;
- A charity with an annual income of less than £6.5 million when the complaint is made.
- A trustee of a trust that has a net asset value of less than £5 million when the complaint is made.
- A small business at the time the complainant makes the complaint.
- A guarantor.

A MiFID complaint relates only to MiFID business undertaken by a MiFID investment firm and is covered by the rules in DISP 1.1A. MiFID complaints also includes:

- The provision of investment services or ancillary services to a client by an investment firm.
- The provision of one or more investment services to a client by a CRD credit institution.
- Selling structured deposits to clients, or advising clients on them, where the sale or advice is provided by an investment firm or a CRD credit institution.
- The activities permitted by the UK provisions which implemented article 6(3) of the UCITS Directive when carried on by a collective portfolio management investment firm; and
- The activities permitted by the UK provisions which implement article 6(4) of the AIFMD when carried on by a collective portfolio management investment firm.

MiFID complaints apply to 'clients' as defined as retail clients, elective professional clients, professional clients and eligible counterparties.
